

A Series panelboard enclosure/component
AB43DW

General Electric A-Series panelboard enclosure/component, model/catalog AB43DW. Shipping label identifies catalog AB43DW, NEMA 1; order 162-50075813. Electrical ratings are not shown. Condition: Used / Salvaged.

A photograph of a grey metal electrical control cabinet. The cabinet has a main door on the left side, which is slightly recessed. On the top left of the door, there is a white label with the number '007' in black. Below this, there is a red and white warning label. The door has a black handle and a lock mechanism. The cabinet is mounted on a light-colored wall.

Used/salvaged equipment - Untested - Sold as-is. Verify ratings, model and condition before final sale.
